Committee of Professors of Statistics COPS Questionnaire 2003- 2004

5. Individual PhD students

	Aberdeen
Name of student	Jennifer Mooney; Full-time
University	Aberdeen
UK/EEC or Overseas	UK
Title of Thesis	Statistical analysis of seasonality in sudden infant death syndrome
Supervisor	Prof. lan Jolliffe
Super vice.	Ton fair commo
Name of student	Mark Wood; Full-time
University	Aberdeen
UK/EEC or Overseas	UK
Title of Thesis	Discriminant analysis using wavelet derived features
Supervisor	Prof. lan Jolliffe
	Bath
Name of student	Peter Hartley; Full-time
University	Bath
UK/EEC or Overseas	UK/EEC
Title of Thesis	Some topics in mathematical finance
Supervisor	Chris Rogers
	J
Name of student	Jeremy Penn; Full-time
University	Bath
UK/EEC or Overseas	UK/EEC
Title of Thesis	Hedging: imperfect correlation, timely information and stochastic volatility
Supervisor	David Hobson
•	
Name of student	Richard Sharp; Full-time
University	Bath
UK/EEC or Overseas	UK/EEC
Title of Thesis	An approximate alternative to perfect simulation
Supervisor	Chris Jennison
	Birmingham
Name of student	Dimitrios Bagkavos; Full-time
University	Birmingham
UK/EEC or Overseas	EEC
Title of Thesis	Bias reduction in non-parametric hazard rate estimation
Supervisor	Dr P N Patil
Name of student	Kamila Zychaulk; Full-time
University	Birmingham
UK/EEC or Overseas	Overseas
Title of Thesis	Application of noise in non-parametric curve estimation
Supervisor	Dr P N Patil
	Bristol
Name of student	Codina Cotar; Full-time
University	Bristol
UK/EEC or Overseas	Overseas
Title of Thesis	Some extensions of the lilypond model and random walks with traps
Supervisor	Dr S Volkov
Name of student	David Stuart Leslie; Full-time
University	Bristol
UK/EEC or Overseas	UK
Title of Thesis	Reinforcement learning in games
Supervisor	Dr E J Collins

Ī	
Name of student	Piotr Zbigniew Fryzlewicz; Full-time
University	Bristol
UK/EEC or Overseas	UK
Title of Thesis	
	Wavelet techniques for time series and poisson data Prof G P Nason
Supervisor	Ploi G P Nason
	Ozwiada
	Cambridge
Name of student	Jason Cooper; Full-time
University	Cambridge
UK/EEC or Overseas	UK
Title of Thesis	Statistical modelling of UK dietary exposure to bovine spongiform encephalopathy and variant Creutzfeldt-Jakob
Supervisor	Prof Kelly
Name of student	David Harrison; Full-time
University	Cambridge
UK/EEC or Overseas	UK
Title of Thesis	Estimation of disease progression parameters from retrospective or cross-sectional data
Supervisor	Dr Altham
Name of student	David Sharidan: Full time
Name of student	David Sheridan; Full-time
University	Cambridge
UK/EEC or Overseas	UK
Title of Thesis	Central limit theorems for percolation and random matrices
Supervisor	Prof Grimmett
	Cardiff
Name of student	C M Jones; Full-time
University	Cardiff
UK/EEC or Overseas	UK
Title of Thesis	Analysing multi-stage group testing methods and competing estimations in multi-centre trials with pharmaceutical applications
Supervisor	A Zhigljavsky
Supervisor	A Znigijavsky
	Durham

Supervisor	Robert Raeside
Supervisor	Robert Raeside
	Newcastle
Name of student	Adnan Arisman; Full-time
	Newcastle
University UK/EEC or Overseas	Overseas
Title of Thesis	Analysis of taste-panel data using ANOVA and ordinal logistic regression
Supervisor	Dr P J Avery
Supervisor	DI P J Avery
Name of student	T. I. Chadwiele Full time
Name of student	T J Chadwick; Full-time
University UK/EEC or Overseas	Newcastle UK
Title of Thesis	
	A general Bayes theory of nested model comparison Prof M Atkin
Supervisor	PTOLIVI ALKITI
Name of student	A Cimpany Full time
	A Simpson; Full-time Newcastle
University UK/EEC or Overseas	UK
Title of Thesis	A fully Bayesian approach to financial forecasting and portfolio selection
	Dr D J Wilkinson
Supervisor	DI D 3 WIIKIIISOII
Name of student	LD Welburg Dort time
	J P Welbury; Part-time Newcastle
University UK/EEC or Overseas	UK
Title of Thesis	
	Statistical aspects of the design and analysis of studies to measure cerebral blood flow Prof J N S Matthews
Supervisor	Proi J N S Malinews
Name of student	C I/ II Variage Full time
	S K H Yeung; Full-time Newcastle
University UK/EEC or Overseas	UK
Title of Thesis	-
	Efficient Bayesian computation in large linear Gaussian systems Dr D J Wilkinson
Supervisor	DI D J WIIKINSON
	Onen
Name of student	Open
Name of student	Julie Burrett; Part-time
University	Open LIK/FFC
UK/EEC or Overseas Title of Thesis	UK/EEC
Title of Thesis	Identification of randomized trials for inclusion in meta-analysis of treatments for
	childhood acute lymphoblastic leukaemia, and investigations of factors leading to publication bias
