**FACULTY OF MEDICINE
& HEALTH SCIENCES**

**Lecturer in Psychiatric Neuroimaging
(Non-Clinical / Fixed Term)**

Applications are invited for the above contract post in the Department of Psychiatry at NUI, Galway (http://www.nuigalway.ie/faculties_departments/psychiatry). The postholder will take a lead role in the development of a new neuroimaging analysis laboratory and in the support and supervision of junior research staff. Candidates should have, or be close to obtaining, a PhD or equivalent research degree and have substantial experience in neuroimaging research, including structural or functional MRI analysis. Familiarity with statistical and computational methods for neuroimaging (eg. UNIX, Matlab, SPM) is desirable.

The specific duties of the post will include assisting the development of a new neuroimaging analysis laboratory within the Department of Psychiatry, supervising junior research colleagues with the application of both region of interest and computational morphometry techniques to structural MRI datasets, developing new research projects using structural and functional MRI, teaching and departmental administration as necessary. The appointment is for a 5-year contract term in the first instance, which will commence in February 2006 and may be extended.

Salary: €35,336 x 10 = €50,112 p.a.
