

2nd International Conference “Biomaterials & Medical Devices” BiomMedD’2006

5th General Meeting of Romanian Society for Biomaterials

Iasi, 09-11th November 2006

WELCOME

After the great success of the first Conference on Biomaterials & Medical Devices “BiomMedD” in 2004 it is a pleasure for us to fulfill the request of many of the participants and to invite you to the 2nd International Conference on Biomaterials & Medical Devices – “**BiomMedD’2006**” and the 5th General Meeting of Romanian Society for Biomaterials, held on the 09th – 11th of November 2006, in Iasi, one of the most important academic centre from Romania. The conference will take place at the sites of the University of Medicine and Pharmacy “Grigore T. Popa” from Iasi, which provides an excellent environment for hosting this major international conference.

This conference aims are in bringing together the scientists and clinicians of various disciplines to discuss the present status of the biomaterials and medical devices, the achievements and the future perspectives. The main topic will be based on the biomaterials fields of applications in different specialities of surgery and regenerative medicine. Lectures and keynote speakers will provide a perceptive overview, as well as an in-depth knowledge on this field.

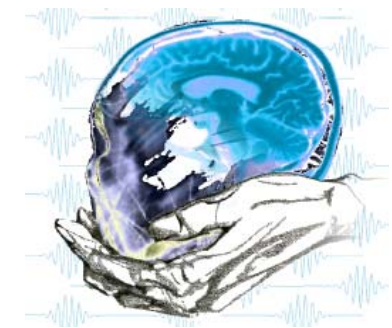

The participants of this meeting (attendance of 400 participants) have a different background such as materials science, physics, chemistry, mechanics, biology and medicine, and they are from engineering and medical universities, hospitals, research institution or companies involved in the field of biomaterials, tissue engineering and medical device industry. The meeting should promote the liaison between the biomedical industry and research institutions, thus enabling industrial partners to have immediate access to research expertise. Besides participating in the scientific program of the Conference, we hope that it will be also an opportunity for you to enjoy both site seeing, the historical and cultural marks left over the years, in our host town Iasi and the entertainment. Iasi is a city blessed by God, where the traditional and the modern are harmoniously intertwined.

We are looking forward to welcome you in Iasi in November 2006.

Andronescu Ecaterina, Ph.D.
President of Romanian Society for Biomaterials

Poeta Ion, Ph.D.
Conference Chairman
Vice-President of Romanian Society for Biomaterials

“BiomMedD’2006”

2nd International Conference “Biomaterials & Medical Devices” BiomMedD’2006

5th General Meeting of Romanian Society for Biomaterials

Iasi, 09-11th November 2006

GENERAL INFORMATION

Date and Conference Venue

November, 09 - 11th, 2006

University of Medicine and Pharmacy “Gr.T.Popa” Iasi
Iasi, Romania

Official Language

The official language of the Conference will be English.

Name Badge

All participants and accompanying persons must wear the Conference identification badge in a visible place. Entrance to meeting halls, poster and exhibition areas will be permitted to any person with badge.

Technical Exhibition

A technical exhibition will be located at the Conference Venue. For further information please visit the chapter "Technical Exhibition".

Smoking Policy

Smoking is prohibited in all Conference areas.

Electricity

The electrical supply in Romania is 220 volts a.c.

Visual Equipment

All meeting halls will be equipped with overhead and data projectors as well as PC for speakers needs. Speakers are kindly requested to check and deliver their presentation to visual reception at least one hour before scheduled presentation. Presentations must be on slides, on CD-ROM or computer disk. Due to changes in computer configuration, laptops will not be accommodated.

Letter of Invitation

Those persons needing an official invitation letter, in order to assist them attending the Conference, may require one from the Conference Secretariat, specifying the necessary details. These will not covering registration fees or other expenses.

5th General Meeting of Romanian Society for Biomaterials

Iasi, 09-11th November 2006

Special Needs

Delegates and accompanying persons with disabilities are invited to advise the Conference Secretariat of any special requirements. All the Conference areas are easily accessible for persons with special needs (PSN).

Traveling, Passport, Visa

All foreign visitors entering Romania must possess valid passports. Visa is not required from citizens of most foreign countries. Participants should check with travel agents, Romanian consulate offices or diplomatic missions in their own countries, whether or not visa is required.

Liability and Insurance

The organizers have no responsibility whatsoever for injury or damage involving persons and property during the Conference. Participants are advised to carry their own personal insurance during their stay in Romania.

Restaurants

In Iasi you will find a wide variety of excellent restaurants offering a diversity cuisine. We strongly recommend local delicacies in restaurants offering Romanian specialties and wines.

Tipping

For taxi and restaurants the service charge is included in the price. You may add a tip at your own discretion to indicate appreciation of exceptionally good service.

Iasi, 09-11th November 2006

TOPICS

Oral and poster presentations are welcome on all biomaterials science and technology subject areas.

More specifically the following topics will be used to organize different sessions:

- BIOMATERIALS PREPARATION AND PRODUCTION METHODS
- BIOMATERIALS CHARACTERISATION AND QUALITY CONTROL
- BIOCOMPATIBILITY
- SURFACE ENGINEERING
- NANOSTRUCTURES AND NANOTECHNOLOGY
- TISSUE ENGINEERING
- DRUG AND GENE DELIVERY
- MOLECULAR BIOLOGY
- INFECTION AND STERILISATION
- INTERACTION WITH LIVING CELLS
- HARD AND SOFT TISSUES REGENERATION AND REPAIR
- TISSUE ENGINEERING
- BIOMATERIALS DEGRADATION AND FAILURE ANALYSIS
- CLINICAL APPLICATIONS OF BIOMATERIALS: ORTHOPAEDIC, NEUROSURGERY, DENTAL, MAXILLOFACIAL, ABDOMINAL SURGERY, OPHTHALMOLOGY, CARDIOVASCULAR, COSMETIC, OTHER MEDICAL FIELDS
- BIOMATERIALS APPLICATION IN BIOMEDICAL INSTRUMENTATION
- IMPLANT RETRIEVAL
- ARTIFICIAL ORGANS
- BIOMECHANICS
- BIOTRIBOLOGY
- BIOMIMETICS
- BIOSENSORS
- COMPUTER MODELLING AND PROTOTYPING
- BRAIN AND NEURAL ENGINEERING
- INFORMATIC APPLICATION FOR BIOMATERIALS
- STANDARDS AND REGULATION
- EDUCATION IN BIOMATERIALS AND MEDICAL ENGINEERING

CALL FOR PAPERS

Only 2 abstracts by author will be considered by the scientific committee. Please follow the instructions to authors. Only papers prepared according to the instructions here available will be published. The extended abstracts will be published in a proceedings brochure which will be available at the meeting. The abstract should be submitted as Microsoft Word 97 data file for PC (Macintosh Version is not permitted). Please submit the abstract as e-mail attachment. The e-mail address for abstract submission is: julian@srb.ro Abstracts submitted on other ways than the internet will not be accepted. Please indicate in your e-mail attachment the requested type of your presentation: Oral or poster presentation.

Abstracts will be published as a supplement volume of the journal “**Journal of Cellular and Molecular Medicine**”. “Journal of Cellular and Molecular Medicine” are an international, broad-spectrum journal, and publishes peer-reviewed articles dedicated to original research work and concepts in all fields of cellular and molecular medicine, papers of significance and of interest to researchers, able to challenge provocative hypotheses and interesting discussions in the international scientific community. Journal of Cellular and Molecular Medicine is indexed in MEDLINE, ISI systems, and its international reputation is also reflected in the 2003 Impact Factor of 1.694 and the 2004 Impact Factor of 2.153.

2nd International Conference “Biomaterials & Medical Devices” BiomMedD’2006

5th General Meeting of Romanian Society for Biomaterials

Iasi, 09-11th November 2006

KEYNOTE & INVITED SPEAKERS

Lectures and speakers have been carefully selected in order to provide a perceptive overview, as well as an in-depth knowledge on the fields of biomaterials, tissue engineering and medical devices. Also, the list of keynote & invited speakers will be completed with Romanian personalities in the field of biomaterials, tissue engineering and medical devices.

C. James Kirkpatrick (Germany)

Director & Professor
Institute of Pathology, Johannes Gutenberg University, Mainz,
Germany
President of both the European and German Society of
Biomaterials.

Josep Estany Planell (Spain)

Director & Professor
Centre de Recerca en Enginyeria Biomedica (CREB); CMEM
Departament; Universitat Politecnica de Catalunya, Barcelona
Vice-President of the European Society of Biomaterials.

Antonio Merolli (Italy)

Professor
Clinica Ortopedica, Universita Cattolica, Roma, Italy
Treasurer of the European and Italian Society of Biomaterials.

Joost de Bruijn (The Netherlands)

Professor
Department of Materials, Queen Mary University of London, U.K.
Secretary of the European Society of Biomaterials.

Lucien Reclaru (Switzerland)

Director of the Biocompatibility Department, PX Group
Honorary Member of Romanian Society for Biomaterials.

Zhang Xingdong (China)

Director & Professor
Engineering Research Center in Biomaterials, Sichuan University,
Chengdu, P. R. CHINA
Vice-chairman and secretary general of Chinese Committee for
Biomaterials (CCBM)

Buddy Ratner (U.S.A.)

Director & Professor
University of Washington Engineered Biomaterials UWEB
Vice-President of Tissue Engineering Society International

Doros Platika (USA)

President and Chief Executive Officer
Pittsburgh Life Sciences Greenhouse

Christophe Mauge (USA)

Director R&D Hydrocephalus
Codman & Shurtleff
Johnson & Johnson Company

John Fisher (U.K.)

Director & Professor
Institute of Medical and Biological Engineering, School of
Mechanical Engineering, University of Leeds
Pro-Vice-Chancellor for Research - University of Leeds

2nd International Conference “Biomaterials & Medical Devices” BiomMedD’2006

5th General Meeting of Romanian Society for Biomaterials

Iasi, 09-11th November 2006

Luigi Ambrosio (Italy)

Director & Professor
Institute of Composite Materials Technology; National Research
Council and Interdisciplinary Research Centre in Biomaterials
University of Naples Federico II, Naples
ESB Council Members

Mario Barbosa (Portugal)

Director & Professor
Scientific coordinator of INEB - Instituto de Engenharia Biomédica
Faculdade de Engenharia da Universidade do Porto (FEUP).
Member of Scientific Board of the European Society of Biomaterials

Enrique Fernandez (Spain)

Professor
CMEM Departament; Universitat Politecnica de Catalunya,
Barcelona

Bajali Musa (Israel)

Professor
Al – Quds University Jerusalem - Abu – Dees
Dean of the Faculty of Dentistry

Helmut Bertalanffy (Germany)

Professor
University of Marburg, Neurosurgery Department

Grigore Zapuhlii (Moldova)

Professor
Medical University “Nicolae Testimitanu” Chisinau, Neurosurgey
Department

Luigi Gallo (Switzerland)

Senior Research Associate Dental School KFS, University of
Zurich, Switzerland
Counselor of Neuroscience Group of the International Association
for Dental Research (IADR)

Frank Filser (Switzerland)

ETH Zurich
Inorganic Materials Department
Awarded by the World Academy of Ceramics with the
"International Ceramics Prize 2004".

2nd International Conference “Biomaterials & Medical Devices” BiomMedD’2006

5th General Meeting of Romanian Society for Biomaterials

Iasi, 09-11th November 2006

SEMINARS:

Seminar 1:

Research Activities in the Field of Biomaterials and Medical Devices: New Research Directions and Possibilities to Participation in European Research Projects in the frame of FP7 and European platforms

- ❖ presentation of major Romanian Research Programs (Matnanteh, Viasan, Relansin)
- ❖ presentation of Romanian potential for participation in present and future european research projects
- ❖ free discussion and debates

Seminar 2:

Definitions in the Field of Biomaterials and Medical Devices. Human Resource Formation and Education.

- ❖ Presentations, free discussion and debates about the Romanian researchers position in the problems of new biomaterials definitions
- ❖ Presentation and discussion about the different masters program in the field of biomaterials and bioengineering
- ❖ Possibilities to development an educational program in biomaterials and medical devices at national level
- ❖ Report on the biomaterials evolution in Romania

Seminar 3

Company Involvement in the Biomaterials, Tissue Engineering & Medical Devices Field.

2nd International Conference “Biomaterials & Medical Devices” BiomMedD’2006

5th General Meeting of Romanian Society for Biomaterials

Iasi, 09-11th November 2006

TECHNICAL EXHIBITION

Delegate Profile

The main participants will be from the scientific community, as universities, research institutes, hospitals, manufacturers from orthopedic surgery, neurosurgery, dental materials, pharmaceuticals and bioengineering fields; which includes engineers, biologists, surgeons, physicians, dentists and other clinical personnel concerned with the application of biomaterials. The conference was attended by more than 250 delegates from different countries.

The Technical Exhibition

The Technical Exhibition will run in conjunction with the Conference and will attract widespread interest from participants and exhibitors. The Exhibition will run from Thursday 09 November to Saturday 11 November 2006 in the exhibition place at the University of Medicine and Pharmacy of Iasi. It will attract companies showcasing their newest products and services in the areas of medical devices, biomaterials and bioengineering. The companies will have an opportunity to present their products and technologies, illustrating in detail application and commercial aspects. We all will have the opportunity to meet other firms from Europe and many other parts of the world. The exhibitors will be able to participate at the conference seminars:

"Research Activities in the Field of Biomaterials and Medical Devices: New Research Directions and Possibilities to Participation in European Research Projects in the frame of FP7 and European platform".

Why Exhibit at the BiomMedD'2006 Conference?

- The Exhibition will provide a magnificent opportunity to promote the products and/or services offered by your company to a large number of national and international delegates.
- Opportunity to acquire information on state of the art technical and clinical areas of biomaterials and relevant areas in medical devices, in vitro diagnostics, pharmaceuticals and information technology.
- Facilities for business discussions, establishment of partnerships in the E.U. research projects, networking and negotiations.

Prices

The prices are 50 EUR/m² (175 RON/m²). Minimal area: 2 m². Interested companies for technical exhibition are asked to contact the Conference Manager (Phone/Fax: 004 021-4029118; Mobile Phone: 0744369288; e-mail: julian@srb.ro) to discuss your involvement with the BiomMedD'2006 Conference.
