The *International Journal of Multiple Research Approaches* (ISSN 1834-0806) is an international peer-reviewed journal for timely publication of research, scholarship, educational, researcher and practitioner perspectives on multiple, hybrid (outcome of unusual blending), synergistic (combined effect), integrated and cultural research approaches – be these indigenous, institutional, or community based – and including the Asian, Pacific, Latin American and African regions as well as Europe and North America. The focus is on combining or synergising various theoretical frame-works, methodologies and methods most appropriate for addressing research questions.
