

International Workshop ***“Resources of the seabed and subsoil”***

Legal, scientific and economic aspects of its exploitation and conservation

MONDAY, MAY 15TH

8.30 - Accreditation

9.00 - Welcome

- Minister of Foreign Affairs
- Minister of Economy
- Head of the Navy

9.15 - Opening session

- Judge Hugo Caminos - *International Tribunal on the Law of the Sea*
- Dr. Vladimir Golitsyn - *Director DOALOS*

MODULE I: OUTER LIMIT OF THE CONTINENTAL SHELF

10.00 Session I: “The outer limit of the continental shelf in UNCLOS”

- Osvaldo Astiz - Argentina - Commission on the Limits of the Continental Shelf
- Ron Macnab - Canada
- Mtro. Holger Martinsen - Argentina
- Frida M. Armas Pfrirter - Argentina

11.00 Break

11.30 Session II: Submissions to the Commission on the Limits of the Continental Shelf”

- Coordinator: Ambassador Luis Baqueriza
- Phil Symonds -Australia
- Vladimir Golitsyn - Director DOALOS
- COPLA - Argentina
- Galo Carrera - México - Commission on the Limits of the Continental Shelf

13.00 Break

15.00 Session III: “Technical aspects in the elaboration of the outer limit”

- Galo Carrera - Mexico - Commission on the Limits of the Continental Shelf
- Karl Hinz - Germany - Former member of CLCS: *“Natural components of the continental margin under the concept of geological continuity”*
- Phil Symonds - Australia

16.30 Break

MODULE II: RESOURCES OF THE CONTINENTAL MARGINS

17.00 Session IV: “Present exploration and exploitation of the deep continental shelf”

Oil companies with experience at great depths.

18.30 End of session

TUESDAY, MAY 16TH

9.00 -Session V: “Perspectives on hydrocarbons and other resources in the deep continental shelf”

- Representatives from oil companies
- Representative from ENARSA
- Geologist

11.00 - Break

MODULE III: “THE DEEP SEABED: THE AREA”

11.30 Session VI: “The role of the International Seabed Authority as manager of the resources related to hydrothermal vents”

- Amb. Satya Nandan - Secretary General International Seabed Authority (to be confirmed)
- Prof. Tullio Scovazzi - University of Milan
- Norma Taylor Roberts - Jamaica

13.00 Break

15.00 Session VII: “Scientific and economic aspects of living resources related to hydrothermal vents”

- Dr. Kim Juniper - Canada
- Dr. Carlos Correa - Argentina
- Dr. Peter Herzig - Germany (to be confirmed)

15.00 Technical sub-group (simultaneous with Panel VII)

Round Table: *“Evidence to the contrary in the determination of the foot of the slope”*

“Submarine ridges and submarines elevations”

Participants: Phil Symonds, Karl Hinz, Ron Macnab, Manuel Burgos, Marcelo Paterlini and others

16.30 Break

17.00 Session VIII: Legal regime of resources of the seabed

- Amb. Gómez Robledo/ Dr. Alfonso Ascencio Herrera (Mexican Mission UN)
- Prof. Frida Armas Pflinter - Legal and Technical Commission (AIFM)
- Sec. Fernanda Millicay - Amerasinghe Fellowship

17.00 Technical sub-group

Round Table: *“Use of bathymetric information for the delineation of the outer limit of the continental shelf”*

“Use of Geographic Information Systems (GIS) for the submission before the Commission on the Outer Limits of the Continental Shelf”

Participants: Phil Symonds, Karl Hinz, Galo Carrera, Manuel Burgos, Marcelo Paterlini and others.

18.30 -End of session

WEDNESDAY, MAY, 17TH

9.00 Session IX: “The future of the International Seabed Authority”

- Dr. Annick de Marffy (to be confirmed)
- Prof. Tullio Scovazzi - University of Milan
- Mtro. Osvaldo Mársico - Argentina

10.30 Break

11.00 -Closing session

- Judge Albert Hoffman (South Africa) - International Tribunal on the Law of the Sea
