# Second Annual Conference

## Challenging the orthodoxies: alternative approaches to educational research

*7 December 2006*

*New Connaught Rooms, Covent Garden Exhibition Centre,  
Great Queen Street, London, WC2B 5DA*

The aim is to create a forum in which participants have an opportunity to explore, promote and challenge a wide range of alternative approaches to educational research. We want to avoid privileging any particular assumptions about the nature of alternatives and/or mainstream approaches. The focus of the day will be on debate and discussion from the floor rather than expert presentation in a traditional conference setting.

All papers will be available on the website in advance of the day.

The cost of the day will be £90 to include all refreshments and lunch.
