

UK Community Psychology Conference 2006

21—22 September in Great Yarmouth, Norfolk

GREAT
YARMOUTH

Conference Theme
MAKING WAVES:
Creating and sustaining change

Invitation to contribute
Papers, posters, workshops & other creative formats

We welcome expressions of interest for papers, workshops, posters and other forms of presentations which relate to the themes of the conference. We are particularly seeking contributions relating to marginal or silenced voices, and seek to have representations from people and groups across the full range of diversity that is to be found and celebrated within our communities.

We aim to include as wide a range of presentations as possible. All submissions will be considered by the conference organising group and members of the UK Community Psychology Network.

Please get in touch if you would like to contribute to the conference, or discuss how you could contribute. The new deadline is:
30 June 2006.

We will need the following information:

- Your name and contact details
- Title of paper/workshop/poster, etc.
- Summary of what you would like to present
- Audio-visual equipment/space required.

The conference is planned to run for two full days. Fees will be on a sliding scale, with a small number of free places available. Further details to follow.
