Spatial Data Management

Creativity … Education … Concepts … Stories … Enlightenment … Explanation … Imagination … Outreach … Presentation … Freedom = THEMES

Use Themes to…

- **Describe and explain your HER/SMR data**
- **Generate thematic overviews reliably and fast and publish them with HBSMR-web**
- **Link your HER/SMR data into outreach and educational articles**
- **Extend your HER to include historical events and processes**

- **Create an illustrated glossary of technical terms**
- **Document your recording / casework policies and procedures**
- **Manage your research agendas within HER/SMR**
- **Do all the things you couldn't do before!**

Group your Themes by type

Add keywords to index your Theme

Define your own display and print styles for your Themes

Link any HBSMR record to your Theme

Display links to HBSMR records in your Theme

Create web-ready content with the integrated HTML editor.

Add images to your Theme with LibraryLink

The Neolithic in Powys

In Powys we have a number of important monuments dating to the Neolithic (4000 BC to 2201 BC).
Although archaeologists have not yet discovered any evidence of neolithic settlements, our landscape features some fine examples of their burial sites.
Six 'Chambered Long Barrows' have been discribed in detail:

- Ffostyll North
- Ffostyll South
- Ty-Isaf Long Barrow / Tyisha
- Mynydd Troed Long Barrow
- Cwm Fforest Long Barrow
- Ty Illtyd / Ty Elltud

Most importantly for our understanding of the people who lived in Powys during the Neolithic has been the excavation of Ty Isaf long cairn, Breconshire. Finds recovered from the excavation included decorative objects (pendants) and items from the daily lives of the deceased (leaf arrowhead and vessel). When a large number of human remains were uncovered, osteologists (scientists who investigate the bones of dead people) became very excited: at least 33 individuals overall, some articulated, some only fragments of

LibraryLink: Assoc. Files: 0

Key Features:

- **Designed in partnership with Buckinghamshire County Council**
- **WYSIWYG editor generates clean HTML using CSS to format styles**
- **Hyperlinks to HBSMR records and external web resources**
- **Generates web-ready content**
- **Glossary Themes can be accessed from all pick-lists**
- **Flexible configuration for different purposes**
- **Embeds images managed in LibraryLink**
- **Publication of outreach content with HBSMR-web**

Prices:

1 licence - £235
2 licences - £449
3 licences - £644
4 licences - £823
5 licences - £987
10 licences - £1652
