#### Conditions of Entry

The decision of the judges appointed by the Awards Panel will be final. No correspondence will be entered into with entrants concerning the decision of the judges on any matter associated with the IHT Awards 2007. The Awards Panel reserves the right to refuse or disqualify any entry for any reason it considers valid, and will not enter into any discussion or correspondence concerning the decision. All material submitted will be treated as available for publication in awards-related articles within *Transportation Professional* magazine and promotional materials developed for the Awards, unless otherwise copyright protected. We regret, we cannot return any materials submitted.

#### Data Protection Notice

The personal information you have provided by completing this entry form will be used and maintained by IHT to process your entry and market any future related activities. We will keep the information you have supplied confidential and will not disclose it to any third parties.

I confirm that I have read and agree to the conditions of entry and data protection notice.

## IHT AWARDS 2007 ENTRY FORM

The IHT Awards aim to celebrate and reward the good work currently taking place in the highways and transportation sector, and to promote this professionalism and best practice to a wider industry audience.

- The IHT/MOUCHEL PARKMAN **Accessibility** Award

- The IHT/HIGHWAYS AGENCY **Health & Safety at Work** Award

- The IHT/RINGWAY Award for **Innovation**

- The IHT/COLAS Award for **Technological Application**

- The IHT/BALFOUR BEATTY INFRASTRUCTURE SERVICES Award for **Effective Partnerships**

- The IHT **Road Safety** Award

- The IHT/TRANSPORT FOR LONDON **Urban Design** Award

- The IHT/CORUS AND NATIONAL SECURITY ADVICE CENTRE (NSAC) **Security in the Public Realm** Award

You are invited to enter the IHT Awards 2007 – to celebrate and reward the remarkable achievements of those working in highways and transportation.

**Deadline: 31 January 2007**

representing excellence in the  
**environment of transportation**

## ABOUT THE AWARDS

*“ As the prime Institution supporting the highways and transportation industry, IHT is well aware of the excellence and achievements that often go unsung. By running the IHT Awards, we aim to celebrate and recognise hard work and professionalism that might otherwise have gone unnoticed.”*

**Alistair Haydock, IHT President 2006-07**

### THE IHT/TRANSPORT FOR LONDON AWARD FOR URBAN DESIGN

Sponsored by –  **Transport for London**

This award recognises improvements in the street environment for those who live and work in the UK, delivered by the highways and transportation industry. The purpose of the award is to recognise and encourage good practice in urban design, the process of place-making. Urban design is the art of shaping the interaction between people, buildings and spaces and their transport and movement requirements to deliver good quality environments that are inclusive and sustainable.

**Criteria for the award are:**

- Demonstration of fulfilling clearly articulated urban design intent
- Incorporation of best practice of streetscape design
- Sustainability (eg. use of appropriate materials, and appropriate consideration of maintenance and maintainability)
- Excellence in accessibility/inclusiveness and equality
- Degree and ease of connectivity to the surrounding community
- Planning and implementation (robustness of research and consultation)
- Contribution to regeneration
- Performance measures/user feedback
- Best value and cost-benefit
- Positive contribution to the public realm/quality of place

### THE IHT/COLAS AWARD FOR TECHNOLOGICAL APPLICATION

Sponsored by – 

This award recognises excellence in the application of technology within the highways and transportation industry, where a marked positive benefit has been achieved.

**Criteria for the award are:**

- Enterprise and ingenuity
- Benefits to the industry and society\*
- Performance measures
- Implementation (communications, training, reliability)\*
- Wider implementation potential
- Best value and cost-benefit

#### Submission of Entries

1. Entry is free.
2. Entries must include a completed entry form. If you are entering more than one award, please complete a separate entry form for each award.
3. Entries must clearly explain how the entry meets the criteria specified; entries are limited to 1000 words only, submissions will be accepted over this length but will be judged on first 1000 words. The document should be in Microsoft Word format, and sent by e-mail or by post on a CD.
4. Entries must be accompanied by at least one letter of support from a user, beneficiary, local authority (if the local authority is not the entrant) or consumer organisation. In the case of the IHT/Balfour Beatty Infrastructure Services Award for Effective Partnerships, all organisations involved in the partnership must provide a letter of support for the entry.
5. Entries may be accompanied by supporting material (eg. illustrations, plans or results of monitoring studies) in electronic format, but these will be viewed at the judge's discretion.
6. Entries can be submitted for a specific project or a range of complementary elements.
7. Judges must be allowed reasonable access to request further information, visit the project or interview the entrants, if appropriate.

### THE IHT/CORUS AND NATIONAL SECURITY ADVICE CENTRE (NSAC) AWARD FOR SECURITY IN THE PUBLIC REALM

Sponsored by –  **NSAC**  **corus**

This award recognises excellence in the development, application or promulgation of effective and proportionate security systems within the public realm to counter established and evolving threats.

**Criteria for the award are:**

- Originality and innovation \*
- Contribution to pre-defined security objectives \*
- Potential for wider application \*
- Effective planning and design
- Partnership working \*
- Commensurate and proportionate
- Aesthetically and operationally sympathetic to the surrounding environment
- Cost effective, practical and sustainable solution
- Establishing or following best practice \*
- Effective communication and awareness to practitioners

### THE IHT ROAD SAFETY AWARD

Sponsorship available...

The aim of this award is to identify, share and celebrate good road safety practice. There are two categories open for entry: Reducing All Casualties and Reducing Child Casualties.

**Criteria for the award are:**

- Clarity of technical submission
- Research into problem
- Quality of technical solution
- Innovation
- Road safety success to date
- Potential road safety success
- Quality of evaluation

## AWARDS DINNER

**Thursday 7 June 2007, National Maritime Museum, Greenwich, London**

The IHT Awards Dinner 2007 will build on the success of the Institution's Annual Luncheon as a further prestigious networking event for the highways and transportation industry. As well as these Awards, IHT will also present the Institution Award and the IHT Young Professional Certificate. Please contact Simon Hawkins (e: awards@iht.org t: +44 (0)20 7391 9956).

### THE IHT/BALFOUR BEATTY INFRASTRUCTURE SERVICES AWARD FOR EFFECTIVE PARTNERSHIPS

Sponsored by – 

This award recognises the achievements of effective partnership relationships in the development and/or delivery of transport solutions. Many achievements in the transport sector are the product of well-trying and trusted arrangements. This award seeks to identify the added value that can result from working in partnership.

**Criteria for the award are:**

- Planning and shared goals (robustness of research and consultation)
- Implementation (management, operation, communications)\*
- Performance measures/internal & external feedback\*
- Benefits for the partners
- Benefit to the user/wider community\*
- Best value and cost-benefit\*

### THE IHT/RINGWAY AWARD FOR INNOVATION

Sponsored by – 

This award is for innovative problem-solving within the highways and transportation industry. The purpose is to recognise and encourage imaginative concepts and excellence in highways and transportation innovation.

**Criteria for the award are:**

- Enterprise and ingenuity\*
- Design strengths (efficiency, sustainability, ease of use, user benefits, problem solving)\*
- Performance measures/user feedback
- Benefit to the user/wider community
- Quality of manufacture/construction/project delivery
- Implementation (communications, training, management)
- Best value and cost-benefit

#### Eligibility

Entries will be accepted of examples entered by owners, clients or direct stakeholders, working in highways and transportation in a public, private or voluntary capacity. The example must have been introduced in practice since September 2005 or, for example, if it is a piece of research or new product, have demonstrable and practical application.

#### Judging

1. Entries which do not meet the criteria or which are not submitted in the requested format will not be considered.
2. Entries will be assessed by independent Judging Panels drawn from a range of IHT Technical Boards, transport consultancies, local government and other organisations.
3. The Judging Panel for each Award will score entries according to all of the criteria listed for each Award. Criteria marked with a \* are allocated heavier weighting than other categories.
4. A shortlist of entries will be created by February 2007. Following this, the Judging Panel for each Award may request further information from short-listed entrants or choose to visit entries, as applicable.
5. Winners of the IHT Awards 2007 will be announced at the IHT Awards Dinner 2007 on 7 June 2007 at the National Maritime Museum, London and details published in a subsequent issue of *Transportation Professional*.

### THE IHT/HIGHWAYS AGENCY HEALTH & SAFETY AT WORK AWARD

Sponsored by –  **HIGHWAYS AGENCY**

This award is for outstanding examples of new developments that make a marked positive contribution to the health and safety of employees or professional users of the transport network, embracing aspects of behaviour technology, infrastructure provision and operation.

**Criteria for the award are:**

- Implementation (training, communications, continuity)\*
- Contribution to health and safety objectives\*
- Originality
- Planning (robustness of research and consultation)
- Wider implementation potential
- Best value and cost-benefit

### THE IHT/MOUCHEL PARKMAN ACCESSIBILITY AWARD

Sponsored by –  **mouchelparkman**

This award recognises improvements in accessible transportation services and infrastructure to the benefit of people with disabilities.

**Criteria for the award are:**

- Understanding the needs of different users
- Usage levels and behavioural effects of the service/infrastructure
- Benefits to users (including increased mobility and safety)
- Implementation (management, operation, communications)
- Objectives met
- Innovation
- Best value and cost-benefit
- Compatibility with the surrounding environment/situation
- Sustainability
