

# Voices from the Margins

## Education for Sustainable Development

This conference will challenge mainstream conceptions of ESD and bring together voices that have been marginalized or that are on the margins of the sustainability movement and specifically within Higher Education.

The conference will be a gathering place for a diverse group of academics, artists, government and nongovernmental workers, activists and students.

### Call for Abstracts

Deadline: 12 February

Conference papers will be published in:

**International Journal of Innovation and Sustainable Development and conference proceedings**
