- Jurisdictional barriers to regulation and enforcement
- E-trade
- Audio-visual technology
- Broadband technology
- Virtual worlds: regulation and taxation issues

The conference committee is seeking submissions of papers for oral presentations at the conference in two major categories:

- Academic, peer reviewed papers - these papers will be peer reviewed by members of the program committee and other independent reviewers (where necessary) and will be published in the under a non-exclusive copyright agreement in the edited

conference proceedings with ISBN. Selected papers will also be published in several leading international law journals. Case studies, abstracts of research in progress, as well as full research papers will be considered for the conference program for presentation purposes. However, only complete papers will be published in the proceedings. Previously published peer-reviewed papers will also be considered, provided the authors (s) are granted license from the publisher and publication information are noted in the article.

-

- Non-academic papers - these papers will not be peer reviewed. These papers will be selected on merit by the program committee. This category covers corporate papers, best practices, new technologies, policy issues etc.

For complete papers, authors must provide about 150 word abstract and five keywords. There is a maximum page limit of 15 pages (single-spaced, Times Roman"10"). All photos, tables and figures must be in jpg format. Papers must be submitted in the correct template, which may be downloaded from the website.

All information enabling the identification of authors must be removed from submissions undergoing academic peer review. Please send in a separate attachment in a word document, the following information: Title, Affiliation and Author's Name.

Send submissions by electronic mail in a Word document to:
submit@lspi.net   or   sylvia@kierkegaard.co.uk
