

HELLO!

Living with Psychiatric Medication group

is having a DRUG COMPANY ADVERTISING

AMNESTY...

and WE NEED YOU!

working with

Bright SPARKS : ARTS IN MENTAL HEALTH GROUP

+ the

fabulous Leicestershire Libraries we will work round the clock to rebrand said goods, turning them into jolly good works of art before releasing back into the community, totally reformed and totally rehabilitated!

PLEASE send whatever drug company branded materials you might have... mugs, mouse mats, post-it notes, pens etc... no questions will be asked and no blame attached...

Please send all items to:

The Living with Psychiatric Medication Group @ NETWORK FOR CHANGE

OR Drop them into any of the

Friendly Drugs Company Amnesty
Bates helpfully dotted around the Trust.

150-152
LONDON RD
10am-4pm

As a reward for your diligence, the wealth of rebranded materials and associated writing about them will be unveiled at a great big art show, opening this Summer at Access Arts Leicester...the show will also be an opportunity for you to purchase back your items, charged up and ready to go:)

By undertaking this project we're hoping to highlight the use of drugs company branded materials across Mental Health Services across the Trust. exploring the effects such goods might have on both workers and patients. Needless to say the project is also hoping to empower service users, develop creative skills and thinking? and of course - showcase the talents of the mental health community

We look forward to hearing from you soon!

MANY THANKS!
