## 目录 Contents

**Let's Learn Chinese** is a new series of textbooks designed to meet the needs of children learning Chinese as a second or foreign language. It has been written with reference to Curriculum Guide for Chinese, Asset Languages, the Key Stage 2 Framework for Languages, and the National Curriculum for Modern Foreign Languages. It is suitable for use in Chinese supplementary schools, as well as in mainstream schools.

### Features of the series:

- √ interactive teaching and learning approaches
- √ focus on developing all four skills (listening, speaking, reading and writing)
- √ Chinese culture, geography and history incorporated into the series
- √ coverage from beginners to GCSE level
- √ accompanying CD of relevant stories, songs and listening exercises
- √ Mandarin pinyin or Cantonese jyutping provided on stickers for foundation and elementary levels.
- √ simplified script or traditional script used in separate versions
- √ accompanying teacher's manual and CD-ROM with easy to follow step-by-step guidance and built in interactive teaching and learning resources
- √ access to online resource bank
