

## **What's New in Hydrogeology?** **Wednesday 18<sup>th</sup> February 2009, 2-6 pm**

**A postgraduate research poster meeting**  
**Venue: The North Cloisters and Old Refectory, UCL**

**Convened by the Hydrogeological Group of the Geological Society**  
**Supported by the UCL Environment Institute**

### **Programme**

Posters (landscape unless you have advised otherwise) may be set up from 12 o'clock in the North Cloisters (Velcro provided).

- |           |   |
|-----------|---|
| 2.00      | Welcome and Introduction (Old Refectory)                                      |
| 3.30-4.00 | 'Poster Introductions': Hydrogeology & Groundwater Resources (Old Refectory)  |
| 4.00      | Tea and biscuits, North Cloisters   |
| 4.30-5.00 | 'Poster Introductions': Chemical and contaminant hydrogeology (Old Refectory) |
| 5.00      | Refreshments and Announcement of Prizes, North Cloisters                      |

*The 'Poster Introductions' will be micro-presentations by the authors, using ONE powerpoint slide and given TWO minutes to address the audience.*

### **Finding your way**

The North Cloisters and the Old Refectory are in the Wilkins Building which is centrally placed directly opposite you as you enter the grassed quadrangle of the main UCL Bloomsbury campus from Gower Street. The quadrangle entrance is on the east side of Gower Street, directly opposite the old University College Hospital, a large cruciform shaped red-brick Victorian building. For directions, see <http://www.ucl.ac.uk/maps/ucl-maps>

### **Convenors:**

William Burgess (UCL, [william.burgess@ucl.ac.uk](mailto:william.burgess@ucl.ac.uk))

Nick Woodman (Southampton University, [n.d.woodman@soton.ac.uk](mailto:n.d.woodman@soton.ac.uk))
