

# GIREP-EPEC 2009 and PHEC 2009

University of Leicester, UK

August 17 - 21, 2009

**GIREP-EPEC and PHEC bring together international participants to share their experiences of physics research and education**

## Conference Theme

The theme of the conference is Community and Cooperation.

## Invited Speakers

**Frontiers of Physics strand:** Professor Ken Pounds (Leicester) on X-ray Astrophysics, Professor Els de Wolf (Amsterdam) on Neutrinos, Dr Martina Knoop (Marseille) on Cold Atoms, Dr Steve Swithenby (Open University) on brain imaging

**Physics Education strand:** Professor Dean Zollman (Kansas), Professor Josip Slisko (Puebla), Dr Elizabeth Swinbank (York), Professor Henk Schmidt (Rotterdam), Professor Phil Scott (Leeds)

## Submission of Proposals

Proposals are invited for workshops, posters and symposia. These need to be submitted via the Abstract Submission form (see the Conference Website below). The deadline for all submissions is **25 April 2009**.

## Registration

Registration is being handled through the Conference Website (see below).

## Key Dates

Participants registering before 25 April 2009 will be guaranteed accommodation in the University Halls of Residence. After that date University accommodation is subject to availability.
