## Welcome to Antenna Audio's Create Your Own Audio Tour Competition

Do you work at a small museum or cultural site that has a fabulous story to tell?

Do you want to tell it?

Does it sound like fun to write a script?

Record an expert on a topic or artists about their work?

How about choosing music and sound effects for an audio tour?

### Now's your chance!

Antenna Audio has been creating audio tours for over 25 years and now we'd love to hear what you can do! It's with great pleasure and anticipation that we introduce the "Create Your Own Audio Tour Competition" brought to you by Antenna Audio and Omnimusic! We invite you to submit your organization's audio tour – written and produced in-house by your staff and/or volunteers. The lucky winner will receive everything needed to make their audio tour available to visitors at their site.

### This includes:

15 brand new XP-classic™ MP3 audio guide players

Compatible headphones

15-unit charging rack

12-month license for Antenna Audio's XP-classic Updater™ software

1-year warranty on equipment

Access to the Omnimusic library with 1-year license

Entries will be judged by a panel of industry professionals with expertise in interpretation, visitor services and education.

**To register your interest and obtain further information on how to enter, please email [antennacompetition@discovery.com](mailto:antennacompetition@discovery.com)**

**Competition registration must be completed by 15th June 2009.**

The competition is limited to 20 independent entries so act quickly to be in with a chance of winning this amazing prize!

**Good Luck!**
