Contract Number	PIAP-GA-2008-230658
Core Project Title	CEES : Citizen oriented Evaluation of E-government services: A reference Process Model
Job Title	Marie Currie Research Fellow - Post-Doc Research Fellow
Job Description	The candidate will join an international research consortium composed of American University of Beirut (AUB), Brunel Business School at Brunel University (UK), and TurkSat (Turkey) funded by EU Framework 7. The candidate will be placed at the Suliman S. Olayan School of Business (OSB) at AUB. OSB is an AACSB accredited business school for its regional eminence and global excellence, http://sb.aub.edu.lb/.
	The candidate is expected to have a PhD, those who have a recent doctorate should show a strong research potential and a research interest at the interface of multi-disciplines: Electronic Government Information Systems, Performance management & measurement, data analysis and associated software tools. In particular, some experience in data envelopment analysis (DEA) & network DEA; analytic hierarchy process (AHP) & network AHP; questionnaire & web surveying methods, structured equation models; process model analysis would be appreciated. An enthusiasm for collecting field data on E-Government systems is very important. The successful candidate is expected to coordinate activities amongst the consortium partners. Strong communication and inter-personal skills are highly desirable.
	Qualified candidates should submit a letter of application, a current CV, list of publications and a summary of research interests, as well as the names and e-mail addresses of two referees.
