

STOP BRITAIN'S NAZI PARTY

There's a serious danger that the fascist BNP will grab Euro MP seats at the election on Thursday. But every vote against the BNP can help stop them here. Use your vote this Thursday 4 June

FOUR REASONS why you should help stop the Nazi BNP on Thursday

Racism

The BNP is a racist organisation that is dedicated to kicking every single black and Asian person out of this country. The BNP thinks all black and Asian people are "racial foreigners" that should be "repatriated". And it is prepared to use the worst sort of intimidation and thuggery to get its way.

Violence

Whenever the BNP gets its claws into a community, race hatred and racist attacks start rising. They are lying when they say they want to help "British workers". All the BNP cares about is creating an atmosphere of fear and violence on our streets. We need black and white unity to fight for the jobs and services we need.

Terrorist connections

Ten years ago former BNP security steward David Copeland planted a string of nail bombs across London, targeting black, Asian and gay people. The third bomb in Soho killed three people. Copeland said his aim was "political" and that he wanted to start a "racial war" that would make people vote BNP. Don't help grant his wish.

Nazis

Every single leading figure in the BNP is a hardline Hitler admirer. The BNP are not "patriots" or "nationalists" – they are Nazis. Look at the picture on the right. In the top left is John Tyndall, the man who founded the BNP. These people are fascists and should be driven out of our society.
