

OCTOBER BLACK HISTORY MONTH 2010 CONFERENCE

GATHERING OUR PHYSICAL HISTORIES

DO YOU OWN OR HOLD ITEMS OR COLLECTIONS OF AFRICAN, CARIBBEAN OR WEST INDIAN ARTWORKS, WRITINGS, MUSIC OR OTHER AFRICANA?

Wondering what to do with them, what they are, what they are worth? How to store or safely deposit them but still want access? Do you want your material to be seen by future generations, but afraid they will end up on a skip?!

This Black History Month, the Afrikan Curriculum Development Association are hosting a regional conference on the future of Black collections and archives in private and public hands.

We want to find out what collections and items are out there, what people want to do with them and the various methods to conserve and display them to the public.

We will hear from experts about keeping collections in archives, museums, galleries and on the internet. We will also be asking whether our Yorkshire and the Humber region warrant a Centre for Africentric Collections.
