

Asperger syndrome awareness training

with Prospects

Prospects is a specialist support service that provides professional advice and training to help you support students with an autism spectrum disorder (ASD) and ensure they reach their full academic potential.

Course format

Individually-tailored one-hour lunchtime sessions, or half-day training at your University.

Target group

Academic and support staff.

Course aims

To build a greater awareness of Asperger syndrome and to develop effective working strategies for supporting students with Asperger syndrome.

Course Content

1) Asperger syndrome awareness, including:

- > what is Asperger syndrome?
- > the triad of impairments
- > key characteristics and strengths.

2) Effective working strategies for supporting students with Asperger syndrome, including:

- > communication in lectures and tutorials, and how to provide feedback
- > dealing with anxiety
- > providing structure and managing expectations.

Course Cost

Half Day: £487 + VAT

Hourly Rate: £140 + VAT
