

UNIVERSITY OF SHEFFIELD School of Health and Related Research (SchARR)

Ref: UOS001773

Title: Research Associate / Fellow in Mathematical Modelling

Salary:

Research Associate (Grade 7): £28,139 to £35,646 per annum

Research Fellow (Grade 8): £36,715 to £43,840 per annum

Closing Date: 13th October 2010

Summary:

The School of Health and Related Research (SchARR) is a large multidisciplinary research centre conducting excellent health services research. You will work within the Health Economics and Decision Science (HEDS) Section (<http://www.shef.ac.uk/scharr/heds>) providing mathematical modelling expertise on a range of applied policy and methodological research. Support would also be provided to the SchARR Technology Assessment Group, the NICE Public Health Collaboration Centre at SchARR and for research and consultancy projects. You will build mathematical models, interpret the results, and cogently produce a summary report of the main conclusions from the research. For appointment at grade 8 you will also be required to lead research teams, develop proposals and contribute to teaching of modelling methods. A post graduate qualification in a numerate subject or with a large quantitative element or equivalent experience is essential; experience in health economics, specific modelling methods and software is desirable.

The post is fixed-term for 2 years.
