

# Campaign Training For Teachers & Students

The government wants to cut free English classes.

This will cause big problems for teachers' jobs and ESOL students.

How can we work together and use our classes to organise  
and defend our rights together?

Come and learn practical campaigning tools that have been adapted for ESOL  
classrooms and to share ideas for the campaign against the cuts.

Suitable for teachers and ESOL students (Entry 3 and above).

Friday 4<sup>th</sup> March 2-5pm

ActionAid Offices 33-39 Bowling Green Lane, London EC1R 0BJ

The workshop is FREE but please email to register a place
