

Leibniz-Institute for the Social Sciences

European User Conference for EU-LFS and EU-SILC

31 March – 1 April 2011

(2011-02-07)

Mannheim, Germany

Organized by

German Microdata Lab, GESIS in cooperation with Eurostat

The 2nd European User Conference for EU-LFS and EU-SILC provides an international forum for the exchange of research based on EU-LFS or EU-SILC data. An important aim of the conference is to bring together people not only to encourage the discussion within the research community on both substantive and methodological issues, but also to offer researchers the opportunity to give feedback to Eurostat. Given that the legal bases for EU-LFS and EU-SILC will be revised in the near future the conference offers the unique possibility to discuss needs and wants of the research community with Eurostat.

It is important that the potential and limitations of EU-LFS and EU-SILC are understood by researchers and, at the same time, that the needs of researchers become clear. Researchers of all disciplines who are interested either in EU-LFS, EU-SILC or other European microdata are encouraged to participate.

Conference sessions will focus on income, labour market, household and family as well as methodological topics. In the closing session the perspectives of EU microdata release for research purpose will be presented.

For any further questions please contact the local organizers of the conference: Christof Wolf (Christof.Wolf@gesis.org) and Heike Wirth (Heike.Wirth@gesis.org).

Registrations: eu-microdata@gesis.org

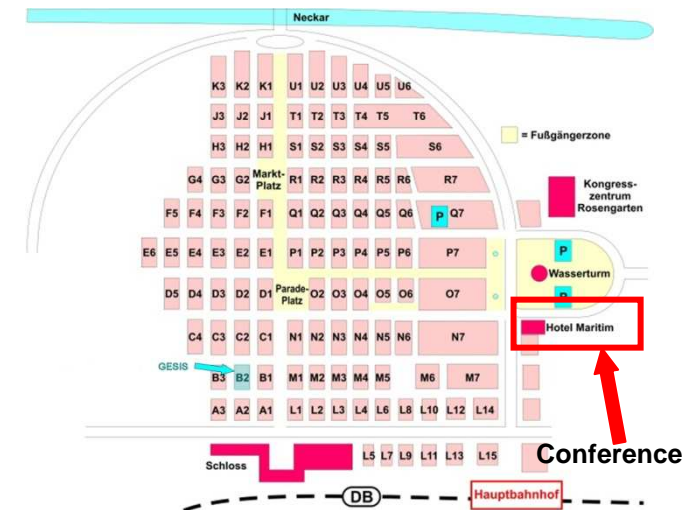

Registrations can be made via eu-microdata@gesis.org. The conference fee is 120 Euros for participants (students: 90 Euros). The fee covers coffee breaks, conference dinner and lunch. Please direct any enquiries regarding registration and accommodation to eu-microdata@gesis.org.

GESIS Square B 2, 1 68159 Mannheim / Germany Tel.: 0621 1246 -197 /-221 Fax: 0621 1246 -100 eu-microdata@gesis.org
