Annual Meeting 2011

10.15am – 16.30pm
Monday 18 April 2011
New Academic Building
London School of Economics and Political Science
www.sscr.nihr.ac.uk

- Background and future of the NIHR School for Social Care Research
- Key themes for adult social care practice research in England
- Current and future priorities for adult social care research in England

This annual meeting provides an opportunity for those interested in adult social care practice research to learn more about SSCR, its research and wider activities, as well as to learn more about SSCR funding opportunities.

The meeting will bring together researchers, policy-makers, people who use services, carers and practitioners, among others; will present some early findings from SSCR-funded studies and reviews; and will feature contributions from experts in the adult social care field.

The meeting will be structured to allow engagement and discussion between delegates.

Further details and the programme will be circulated to registered delegates
