GALLERY WEST

BROAD VISION THE ART & SCIENCE OF LOOKING

An art/science research project exploring how we look at, see and interpret microscopic worlds, from the diverse perspectives of six disciplines across the University of Westminster. The multiplatform exhibition includes artefacts, artworks and participatory experiments.

BROAD VISION SYMPOSIUM: LEARNING AT THE INTERSECTIONS

Thursday 5 May 2011, 2 – 5pm

Discussion of the educational perspectives of the project, and of the opportunities and challenges of working across disciplines. Free to attend – contact the gallery to book.

EXHIBITION PRIVATE VIEW

Thursday 5 May 2011, 5 – 8pm
