

SYMPOSIUM ON THE RELEASE OF THE

Geochemical Atlas of Cyprus

LEFKOSIA - CYPRUS
5-7 September 2011
Hilton Park Hotel

Invitation

Hosted by the Geological Survey Department of the Ministry of Agriculture, Natural Resources and Environment, of the Republic of Cyprus, the Symposium celebrates the release of the Geochemical Atlas of Cyprus, a five-year project, developed in collaboration with the University of New South Wales (Australia) and ADCS International Ltd. The Symposium is being held under the auspices of the Minister of Agriculture, Natural Resources and Environment.

The 3-day event will be held in the capital city of Cyprus, Lefkosia, and will focus on regional geochemical mapping, environmental, medical and urban geochemistry, with world respected speakers from these fields presenting on local and international examples.

The final day of the symposium will include a full day field trip to the Troodos Ophiolite with stops at several points of unique geological and geochemical significance including a visit to one of the oldest copper mines in the world, the Skouriotissa mine, with some 4000 years of mining history.

Participation fee: 150 Euros including all expenses for the final day field trip (travel and lunch).

For further information and registration details, please contact us:
email azissimos@gsd.moa.gov.cy or telephone +357 22 409 200/211/213 or fax +357 22 316873

Also please check our website at www.moa.gov.cy/gsd
