

An Event Organised by the Environmental Association for Universities and Colleges
UK SUSTE-TECH project and in collaboration with JISC's Suste-IT project.

Greening Your Institution's Network Systems

Location: Graduate School of Education, University of Bristol,
35 Berkeley Square, Bristol BS8 1JA. **Room:**410.

Date & Time: 20th July, 2011 from 9:30am to 2:00pm
Registration and refreshments from 9:00 am

The event will provide an opportunity for you to:

Learn how FHE institutions are Greening their ICT Network systems.

Hear from a Welsh FE college whose “*gigabit to the edge project*” has improved the overall efficiency of their network system.

Learn how a West Midlands college has reduced its ICT system's carbon footprint through the use of solar energy and how its ICT staff are continuing to green their Network systems.

Hear about the University of Leeds', “*INTElligent Energy awaRE NETworks*” project that is enabling growth of ICT networks while at the same time reducing energy consumption.

Network with peers from other universities and colleges who are experiencing similar problems managing their Network systems and learn how they are tackling them.
