Tri Dyn Cyffredin

Tri Bywyd Anghyffredin  
Un Nod Cyffredin

Thema'r arddangosfa hon yw bywyd a gwaith tri dyn hynod, o gefndiroedd cyffredin, sy'n cwmpasu tair canrif. Er bod eu gwreiddiau mewn crefyddau a diwylliannau gwahanol, maent yn rhannu'r un gred nad yw trais a rhyfel, yn y diwedd, yn datrys dim, a bod gan yr unigolyn y grym, drwy broses o drawsffurfiad mewnol, i newid cymdeithas, yr amgylchedd a'r blaned.

Three Ordinary Men

Three Extraordinary Lives  
One Common Goal

This exhibition is about the life and work of three extraordinary men, from ordinary backgrounds, whose lives embrace three centuries. Although from different religious and cultural traditions, they share the belief that violence and war ultimately solve nothing, and that through the process of inner transformation an individual has the power to change society, the environment and the planet itself.
