

## Leaders of the Future in Sustainable Development

29<sup>th</sup>-30<sup>th</sup> November 2011

22<sup>nd</sup>-23<sup>rd</sup> February 2012

### Leaders of the Future

This two-day residential programme is for anyone with lead responsibility for sustainable development within their organisation, whether experienced or more recently appointed.

The programme aims to build your capability and confidence to be a leader, influencer and change agent, and to work across your organisation to embed sustainable development in all areas of activity. It provides ample opportunities for learning,

sharing and networking, with sustainability leaders from within and outside the sector.

*"It reignited my passion to move the college forward on all aspects of sustainability."*

*"Very impressed with the course and its delivery. The pace was just right."*

*"It made me appreciate that small steps can make a difference."*

Delivered by

**Tue 29<sup>th</sup>-Wed 30<sup>th</sup> November**  
**Wed 22<sup>nd</sup> - Thu 23<sup>rd</sup> February**  
Woodbrooke Quaker Study  
Centre, Birmingham

The programme commences at 10.00am on day one and concludes after lunch at 2.00pm on day two.

### Benefits of attending

- A clear understanding of what sustainable development means, and what it means for your organisation
- A deeper understanding of your role as a sustainability champion, and how you can benefit your organisation
- The insights and experiences shared from some of the top sustainability practitioners in the learning and skills sector, focusing on the key sustainability areas of:
  - Leadership & strategy
  - Teaching & learning
  - Sustainability in a small scale community college
  - Estates, facilities, carbon & procurement
- An understanding of who you need to engage with, or continue to engage with, and how, to develop your organisation's commitment and practice in sustainable development
- Awareness of information and support available within the learning and skills sector to assist you and your organisation in developing and implementing a sustainability strategy
- Tailor made action plans and strategies to develop your role, engage stakeholders, and increase your impact in your organisation
- A range of tools to take back and use with colleagues and students, to facilitate engagement with the sustainability agenda.

### More comments from participants:

"I gained access to more material and contacts and I also felt much more supported. I came away more energised to keep pushing the message across college."

"I now have a joined up thought process on implementing sustainability."

"My understanding [of sustainable development] was pretty good before the event, but now I've got more ideas and access to material to help others understand."

"I have a better understanding of the broader sustainability agenda, and renewed enthusiasm to go back to work and tackle big issues."

### How to register

For more information and to enrol, visit the [events page](#) of the LSIS website.

The programme is priced at £300 per person.

This includes all training and materials on the two-day programme, as well as overnight accommodation, meals and refreshments.
