

## Call for Papers

### REMADE case studies

Mid Pennine Arts  
Lancashire, UK  
March 2012

Mid Pennine Arts are currently looking for case studies to feature in a celebratory event we are planning to mark the conclusion of the [REMADE](#) regeneration programme.

This will be a conference event in which we aim to bring together delegates from the arts sector and those who work in public realm, landscape, education and policy contexts. The aim is to share the success of the Remade programme but also to contextualise it with inspiring case studies from across the UK and beyond. In particular we want to attract speakers to talk about projects around the themes of:

- connecting people with landscape
- imaginative and creative new use of landscape
- re-use of derelict land

The event will take place on Thursday 29th March 2012 at [Brockholes](#) Nature Reserve.

Those wishing to present papers are encouraged to forward a 300-500 word abstract to Lucy Green [lucy@midpenninearts.org.uk](mailto:lucy@midpenninearts.org.uk)

Deadline for abstracts: 30 January 2012
