

## **Technology-Enhanced Learning Developer/ Consultant**

£33,013 - £40,132 pa incl

**Ref: INS007**

An exciting opportunity has arisen for a full-time Technology-Enhanced Learning Developer/ Consultant position. Based within the Institute for Teaching, Innovation and Learning (INSTIL) you will work closely with academic staff across the University to embed the use of technology in the curriculum.

The Institute leads the teaching and learning enhancement agenda at UWL to deliver a high quality learning experience. We are seeking a highly competent, enthusiastic and inspiring individual with significant knowledge of the educational technology field and experience of working with academics in varied subjects. The post reports to the TEL Manager within a team that provides leadership and support in using technology to enhance learning.

The successful candidate will be educated to Degree level or equivalent and have extensive current knowledge of web and media technologies in a higher education context.

Closing date for receipt of applications: **Friday 23 March 2012**
