

# Welcome Message

## Dear Colleagues,

We are pleased to invite you to the 2012 International Consortium for Educational Development, ICED2012, which will be held during 22 – 25 July 2012 in Bangkok, Thailand. Proudly organised and hosted by the Office of Higher Education Commission in collaboration with the Professional and Organizational Development Network of Thailand Higher Education (ThaiPOD), ICED2012 is aimed to become an international meeting point for participants to, share, reflect and exchange ideas as well as experiences in researching and supporting educational development in higher education.

The conference theme “Across the Globe Higher Educational learning and teaching” is created to embrace sharing of global experiences and best practice in teaching and learning in order to promote rethinking in quality learning and teaching paradigms for all parts of the world. Scholars and higher-education professionals, interested in educational development and related fields, are highly encouraged to submit papers for oral presentation, or to participate in other parts of the conference program including keynote address, plenary lecture, panel discussions/symposium, seminars, or pre-conference workshops.

Known for one of the most memorable meeting destinations of the world, Bangkok offers a large variety of world class facilities in a dynamic, modern, and culturally sophisticated setting. As the President of ThaiPOD and ICED2012, it is my honour to invite you to ICED2012 and join us for the valuable experience in educational development and for the irresistible combination of inspiring culture, superb cruising and a wonderful sense of hospitality.

Looking forward to welcoming you to ICED2012.

Assistant Professor Bundit Thipakorn  
President, ThaiPOD Association  
President ICED2012

## Conference Theme

### Across the Globe Higher Education Learning and Teaching

The general aim of the ICED2012 is to become an international meeting point for participants to reflect and exchange ideas and experiences in researching and supporting educational development at different levels from classroom to national scales. The experiences of the scholars across the globe especially those in Asia and ASEAN will be shared with scholars from other parts of the world. The sharing of best practice in the development of higher education will be most valuable for rethinking of quality learning and teaching paradigms for all parts of the world.

### Sub-theme and Areas of Interest
