

LEEDS METROPOLITAN UNIVERSITY

SUMMER MEETING

OF THE SOCIETY FOR RESEARCH IN REHABILITATION

The 2012 Summer Meeting of the Society for Research in Rehabilitation (SRR) will be hosted by Dr David Punt at Leeds Metropolitan University.

Dates:

DAY ONE

4th July 2012

DAY TWO

5th July 2012

Time:

9:00-16:30

Venue:

Rose Bowl,
Conference Centre

Book a place:

www.leedsmet.ac.uk/srr

please see reverse for
prices and details

Over the two day meeting, leading figures will discuss current issues in rehabilitation with particular themes covered on each day. There will also be Free Paper and Poster sessions. The SRR Summer Meeting 2012 is aimed at all clinicians and academics with an interest in rehabilitation.

Call for Abstracts – abstracts must be submitted online via the SRR website at www.srr.org.uk. Deadline for submission is Friday 6 April 2012.

DAY ONE (4TH JULY)

ASSISTIVE TECHNOLOGIES FOR REHABILITATION OF THE ARM FOLLOWING STROKE (ATRAS)

Speakers: Prof Ian Swain, Clinical Science & Engineering, Salisbury NHS Foundation Trust; Dr Damian Jenkinson, Royal Bournemouth and Christchurch Hospitals NHS Trust; Prof Anand Pandyan, School of Health & Rehabilitation, Keele University; Prof Jane Burridge, Faculty of Health Sciences, University of Southampton.

DAY TWO (5TH JULY)

FROM SPORTS SCIENCE TO REHABILITATION: EXPERIMENTAL AND CLINICAL STUDIES IN IMAGERY

Speakers: Dr Paul Holmes, Institute for Performance Research, Manchester Metropolitan University; Dr Magdalena Ietswaart, School of Psychology and Sport Sciences, Northumbria University.

GETTING LOST IN TRANSLATION

Speakers: Dr Richard Greenwood, National Hospital for Neurology and Neurosurgery, Homerton Hospital, London; Prof Jane Burridge, Faculty of Health Sciences, University of Southampton.

ON THE ROAD: EXPLORING ISSUES RELATING TO DRIVING AND DISABILITY

Speakers: Dr Hannes Devos, Department of Rehabilitation Sciences, Katholieke Universiteit Leuven; Dr Andrew Paton & David Bridge, Ford Motor Company Limited.

Symposia include:

DAY ONE (4TH JULY)

ATRAS: ASSISTIVE TECHNOLOGIES FOR REHABILITATION OF THE ARM FOLLOWING STROKE

The entire day will be dedicated to disseminating findings from a programme grant awarded by the National Institute of Health Research (NIHR). The day will have a strong teaching element and also incorporate the opportunity for those attending to 'try out' related assistive technology in the exhibition area.

DAY 2 (5TH JULY)

FROM SPORTS SCIENCE TO REHABILITATION: EXPERIMENTAL AND CLINICAL STUDIES IN IMAGERY

Exploring inter-disciplinary links with speakers from sports science and neuropsychology who have applied knowledge to rehabilitation.

GETTING LOST IN TRANSLATION

2012 marks five years since the Cumberland Consensus Conference on The Future of Restorative Neuroscience in Stroke Rehabilitation. This session will explore translational research from the clinician's and researcher's perspective.

ON THE ROAD: EXPLORING ISSUES RELATING TO DRIVING AND DISABILITY

Returning to driving after injury improves physical and mental health, and enhances quality of life. This symposium will explore some of the challenges facing patients and clinicians, and will consider current technology and how this can enable driving in individuals with disabilities.

To book your place

Places are limited so it is advised that you book early to avoid disappointment. You are able to do this by visiting: www.leedsmet.ac.uk/srr

These days are flexibly priced, with attendance of one day £80 for SRR members (£95 for non-members) or £140 for both days (£170 for non-members).

Each day will start at 9am and will finish at 4.30pm. Prices include refreshments throughout the day and a buffet lunch.

There will be an optional dinner open to delegates on 4th July at the Met Hotel, Leeds (£29.95 per person).

CPD is being sought.
