

STARGAZING EVENING

An evening event for children in care in year 9 and above

WEDNESDAY 28 NOVEMBER 2012

This FREE evening event will be a unique experience for all! You will learn about famous astronomers, have dinner in St John's College, hear a talk from a Cambridge Astrophysicist, and end the night with stargazing using modern and historical telescopes (weather permitting).

We will endeavour to assist with travel costs for participants and an accompanying adult where necessary. Dinner will also be provided. Booking is via our website:

www.study.cam.ac.uk/undergraduate/access/care

UNIVERSITY OF
CAMBRIDGE

STARGAZING EVENING

An evening event for children in care in year 9 and above

What will the event involve?

- A talk on Fred Hoyle, the most distinguished and controversial astronomer of the 20th Century
- Free Dinner at St John's College, Cambridge.
- A talk on the furthest galaxies from Earth
- Observing through modern & historical telescopes*

There will also be current students on hand to discuss studying at University.

Who is the event aimed at?

The event is for Looked After Children of all abilities in Year 9 and above, who are enthusiastic about education in its broadest sense. Perhaps they would like a taste of higher education and what is on offer at the University of Cambridge, or simply want to discover their interests and future options.

When is the event taking place?

The event will be held at the University of Cambridge on Wednesday 28 November, between 4.00pm – 9.00pm.

* Observing will not be possible if the sky is cloudy
