

## POSTER AWARD

All young authors who will present a poster at the European Congress in Portugal will have the chance to discuss methods and results with experienced researchers. The best three posters will be awarded with The Mental Health and Intellectual Disability Poster Award. Judges from the Scientific Committee of the executive committee will rate the presented posters for excellence in communication, research, and contribution to the goals of the Association.

Criteria and nomination guidelines can be found on [www.mhid.org](http://www.mhid.org) from January 2013.

# FIRST ANNOUNCEMENT

## New horizons for Mental Health in Intellectual and Developmental Disabilities (IDD)

12-14 September 2013

**FOR MORE INFORMATION:**  
**[WWW.MHID.ORG](http://WWW.MHID.ORG)**

## Better mental health is on the horizon for persons with IDD

People with IDD belong in our World. This hopeful and inclusive perspective is not already reality but an ethical statement. The fact that people with IDD are more vulnerable to mental health problems increases the risk that they will become excluded by society. It is therefore extremely important to reposition the relationship between mental health and IDD with a goal to reappraising all aspects. Therefore we warmly invite representatives from a multitude of perspectives, approaches and cultures. As a result, this conference will hopefully contribute not only to the sharing of knowledge, but also to its deepening and expansion. Discover with us these new horizons.

We are delighted to meet you in Lisbon!

On behalf of the Executive Board, with kind regards,

### Johan De Groef

President of the European Association for Mental Health in Intellectual Disability.  
Psychotherapist and General Manager VZW Zonnellied, Roosdaal Belgium
