

1st IWH ENIC Workshop

The evolution of networks, industries and clusters (ENIC)

Call for Papers

The universities of Kassel (research group of Guido Bünstorf), Hohenheim (research group of Andreas Pyka) and the Halle Institute of Economic Research (research group of Jutta Günther) jointly organize this workshop on the evolution of networks, industries and clusters. The workshop will provide an opportunity for senior and junior researchers to discuss recent developments, ideas, frameworks and theories. Unpublished papers are invited for presentation and feedback from other scholars. A special issue with selected papers from the workshop will be submitted to a high-quality double-blind peer reviewed journal.

Keynotes

Prof. Stefano Breschi (Università Bocconi)

Prof. Paolo Saviotti (University Pierre Mendès-France)

Prof. Bart Verspagen (UNU-MERIT)

Further keynote speakers (tba)

Submissions

We invite contributions from all disciplines that focus on one or more of the following issues

- Topic I: The evolution and the economic consequences of innovation networks
- Topic II: Industry dynamics, entrepreneurship and organizational mortality
- Topic III: Clusters, regions and economic growth
- Topic IV: Innovations, technological change and transformation processes in CEE

to submit extended abstracts (300-500 words, PDF or Word) by email at mbt@iwh-halle.de or mkc@iwh-halle.de.
