*Keynote Speaker:  
Professor Angela Brew*

Aim: to build networks for sharing practitioner-led research in education and to enhance practice.

The conference provides a forum bringing together practitioner-researchers from higher and further education institutions in the Northwest to explore and share research-informed approaches to educational enhancement.

Poster Presentations will be themed: (15-20 minutes including questions and facilitated discussion around the poster) allowing participants to give an account of research, experience, evaluation, policy or practice with the emphasis on drawing out lessons for others and engaging participants.
