

How would you improve adult social care for ethnic minority groups?

Free workshop: Hear findings from a new study on peoples' experiences of adult social care and have your say

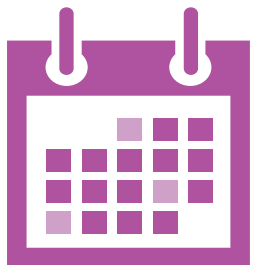

What is it about?

Hear about new research with Bangladeshi, Pakistani and white British groups on experiences of adult social care.

Learn what lies behind the data from satisfaction surveys.

Help develop recommendations to enhance future adult social care for BME groups and how it is monitored.

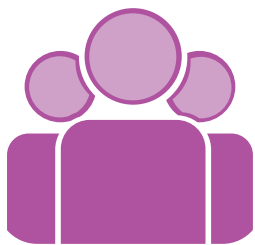

Where and when?

Leeds: 24th October, University of Leeds

London: 4th November, London School of Economics

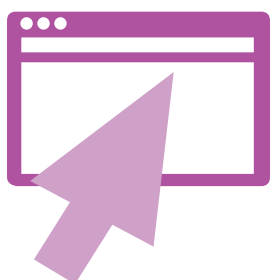

Birmingham: 20th November, Saffron Centre, Highgate

Who should attend?

People with an interest in adult social care

- social care users
- care providers
- local authorities
- policy makers
