Notice to Centres – entry deadline for June 2015 examination series

With the abolition of the GCSE January and March examination series in England, and the abolition of the GCE January examination series in England, Wales and Northern Ireland, we recently considered the current entry deadlines for the June examination series.

The JCQ and the awarding bodies would particularly like to thank those centres who provided feedback.

Having carefully considered the feedback, we have decided upon **one single entry deadline for GCSE and GCE qualifications**. For the June 2015 examination series, and subsequent June series, the **entries deadline for both GCSE and GCE qualifications will be 21 February**.

Each awarding body will publish separately deadlines for the application of a late fee, a higher late fee exclusions and withdrawing entries without a financial penalty.
