

LOOKING FOR A PhD POSITION?

Join BioToP at
BOKU Vienna

Biomolecular
Technology of Proteins

International PhD program
in protein biotechnology

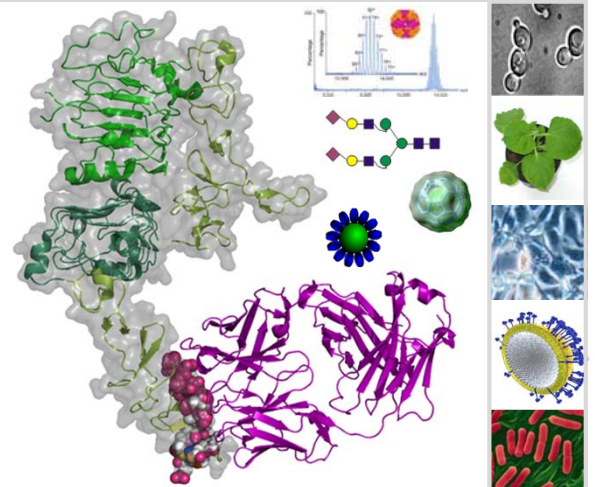

RESEARCH AND EDUCATION AREAS OF BIOTOP

Area 1: Engineering of proteins

Area 2: Posttranslational modifications

Area 3: Expression systems and cell factories

Area 4: Bioinformatics and molecular modelling

BIOTOP OFFERS ...

- research based doctoral education
- research projects at the interface of basic and applied sciences
- up-to-date research training
- an excellent educational programme
- a strong network of international collaborations
- complementary research stays abroad
- funding for participations at conferences

APPLICATION
DEADLINE:
12.02.2015
