

## Welcome!

This is an invitation to a concept development workshop with Jisc. The aim of the day is to develop concepts for measuring students needs, expectations and experiences with technology as well as their digital capabilities in their studies, and make that into useful actionable points for educational institutions. Service designers from Livework will facilitate the workshop.

April 29<sup>th</sup> in Jisc London office, 10.30—15.00

Jisc London office addres
Brettenham House
5 Lancaster Place
London
WC2E 7EN

For more information on how to get there: http://www.jisc.ac.uk/contact
