Museums, art galleries, libraries, archives and other cultural venues often depend on their volunteers. We work with them in all sorts of ways. Where would we be without them?

Join us for this one day conference which will delve into the world of volunteering in cultural venues. You'll hear from big venues as well as small ones. You'll hear about the best practice and find out how to overcome the challenges.

The event is one of the outputs from a successful programme of volunteer training that has been delivered by the Cumbria Cultural Learning Networks.
