

## EUNIS E-Learning Task Force Workshop

University of Abertay, Dundee, Scotland, 9th June 2015, Events Area, Kydd Building

### Electronic Management of Assessment and Assessment Analytics

The workshop will explore how technology can be used to enhance assessment and feedback activities and streamline associated administration and how we might make use of assessment data to improve learning. As a participant you will have the opportunity to:

- Find out about new developments across Europe
- Share practice and ideas
- Hear about new developments from relevant system suppliers
- Take away tools and techniques that can be used in your own context
- Contribute to some ongoing European projects

The event is free and places are limited: to reserve your place fill in the online [booking form](#) as soon as possible.

#### Outline Programme

09.30 – Arrival and registration

10.00 - Welcome and introductions

10.05 - [EMA](#): a lifecycle approach (Gill Ferrell, Jisc UK)
