

HEALTH RESEARCH WITH REAL IMPACT CONFERENCE 2015

Westleigh Conference Centre

Day 1 **HOW EVIDENCE SYNTHESIS CAN HAVE A REAL IMPACT**

The focus of the first day will be around evidence synthesis with keynote speakers: Professor Jenny Popay - Mixed Method Reviews, Dr Justin Jagosh - Realist synthesis and Dr Claire Glenton - Cochrane EPOC Reviews.

Day 2 **IMPLEMENTING EVIDENCE IN PRACTICE**

The second day will be around implementation science with keynote speakers: Professor Kate Seers - Findings from the FIRE randomized controlled trial, Professor Christopher Burton - Co-producing evidence for improvement and Dr Henna Hasson - Implementation in complex interventions.

Attending the conference will be a range of staff from health and social services, methodologists, academics and health care users.

- Day delegate rate: £30 for 1 day, £50 to attend both days
- UCLan staff & students - book early for a free place (numbers limited)
- Lunch and networking opportunities for all
