

PRE-DISSERTATION RESEARCH FELLOWSHIP IN EUROPEAN STUDIES

The Council for European Studies (CES) invites eligible graduate students to apply for its 2016 CES Pre-Dissertation Research Fellowships. Each fellowship includes a \$4,000 stipend, travel support for attending and presenting at the International Conference of Europeanists, and the opportunity to publish in *Perspectives on Europe*, a semi-annual journal of the Council for European Studies.

Eligibility: CES Pre-Dissertation Research Fellowships are intended to fund fellows' first research project in Europe. Those who have already engaged in extensive field work in Europe are not eligible. Likewise, applicants must be in the early, exploratory stage of their research. All application materials due by January 16, 2016.
