

Asphalt, Pavement Engineering and Infrastructure: Call for Papers & Early Registration
Wednesday 24th and Thursday 25th February 2016, Liverpool, UK

The Department of Civil Engineering at Liverpool John Moores University in association with RSTA is hosting its 15th Annual International Conference addressing: asphalt, pavement engineering and infrastructure.

It is aimed at stakeholders with specific interest in the; development, construction and management of asphalt technology, sustainable infrastructure, environmental protection and energy reduction, aggregate recycling initiatives, airport and highways design and maintenance. The conference will be of interest to; policy advisors, environmental regulators, infrastructure clients, specifiers, planners, designers, local authorities, highway related consultants and designers, materials suppliers, construction companies, contractors and educational institutions.

Supported by:

RSTA, Nynas, Instarmac, IKO PLC, ADEPT and Lincolnshire County Council, Colas Ltd, British Board of Agreement (BBA), Asphalt Reinforcement Services, Highways England, The Chartered Institution of Highways and Transportation (CIHT), The Institution of Asphalt Technology (IAT), Institute of Highway Engineers (IHE) and The Institution of Civil Engineers (ICE).

For more information, please visit our website <https://www.ljmu.ac.uk/about-us/faculties/faculty-of-engineering-and-technology/built-environment/events/asphalt-pavement-engineering-and-infrastructure-conference> or contact Atif Rasheed, Email: a.rasheed@2013.ljmu.ac.uk, Tel: +44 (0) 151 231 2811.

The conference is always well attended with more than 100 delegates and typically 10-17 Exhibitors from UK and overseas. Due to limited spaces, please complete your registration as soon as possible.

Publications:

The papers will be reviewed by the conference Scientific and Technical Board and published in the Conference Proceedings. Selected papers will also be refereed and published in a special issue of the International Journal of Pavement Engineering and Asphalt Technology, ISSN 1464-8164.

Keynote speakers:

1. **Dennis Day, Nynas:** Innovations in Emulsion Technologies
2. **Alex Wright, Instarmac:** New Industry Guidance on Installation of Ironwork and Maintenance
3. **Wayne Perrin, IKO PLC:** Innovations in Bridge Deck Surfacing
4. **Steve Betteridge, ADEPT and Lincs CC:** The New Road Note 39 - Surface Dressing Design Guide
5. **John Richardson, Colas Ltd / Professor Hassan Al-Nageim:** New Developments in Microasphalt
6. **Howard Cooke, Asphalt Reinforcement Services:** Clause 936 - The New Specification for Geosynthetics and Steel Meshes used in Asphalt Reinforcement
7. **Steve Hunt, BBA:** The Service Life of High Friction Surfacing
8. **Arash Khojinian, Highways England:** Updates to the Design Manual for Roads and Bridges (to be confirmed)

Registration Fees:

Speaker = **£295** (2 day), **£200** (1 day) and Delegate = **£295** (2 day), **£200** (1 day)
*additional speaker/delegate from the same organisation = **£210** (2 day), **£150** (1 day)

Exhibitor = **£300** (2 day) and additional member with the main exhibitor = **£100**

Early bird registration fees before 20th January are offered at a **15% discounted rate** and RSTA, CIHT, IAT, IHE, ICE members registered before 20th January will be benefited from reduced registration fees of **20%**.

Registration online:

http://buyonline.ljmu.ac.uk/browse/extra_info.asp?compid=1&modid=2&deptid=61&catid=10&prodid=126 (will be opened soon)
