Knowledge Services can help you prepare for the Nursing & Midwifery Council (NMC) revalidation in many ways, starting with this pack! A compilation of key online resources, books and the most relevant communities and forums which will help you find the best and most up to date information and tips on NMC revalidation.

This pack will be reviewed and updated regularly, with each edition focusing on a particular revalidation topic, such as nursing practice and theory, communication skills, reflective practice and leadership – among others. Other popular services to support you during the NMC revalidation process include:

- Searching skills training – helping you search with confidence and manage results effectively
- How to sessions - for key databases such as Nursing Reference Centre and CINAHL.
- 24/7 access to computer rooms and a huge collection of books and journals
- Regular support from our team of library and information professionals
