

The 2nd Coventry Legal Cinematic Review 2016

"America's Dream, BREXIT's Reality: Equality v. Equity in 21st Century Higher Education"

Professor Roger Ward

***Vice-President, University of
Maryland (Baltimore, USA)***

Professor Augustine John

***Distinguished Visiting Professor,
Coventry University & UCL (UK)***

In launching the 2nd Coventry Legal Cinematic Review (CLCR), Attorney-at-Law Professor Roger Ward and Human Rights expert Professor Gus John shall employ both film and progressive legal historiography as catalysts of 'Social Justice', as they help to move the audience beyond law as a rigid 'black letter', text-based discipline. Particular emphasis will be placed on the legacy of the US Supreme Court landmark decision in *Brown v. The Board of Education of Topeka, Kansas* (1954), which served as a facilitator for the American civil rights movement, inspiring education reform everywhere and moulding the legal means of challenging segregation in all areas of society. Moreover, based on their professional and cross-Atlantic understanding of the trending 'classism' in 21st Century Higher Education, they will foreground the many collateral consequences of such a modern discriminatory culture in the USA. Both speakers would also indicate what this equity focused and gender responsive sessional learning heralds for a post-Brexit UK.
