

3rd International Workshop on Sustainable Road Freight

5th & 6th December 2016

Cambridge University Engineering Department, Cambridge, UK

Monday, 5 th December 2016		
10:30	Registration & Coffee	
11:00	Welcome and Introductions -Maja Piecyk, University of Westminster	
11:10	TBC Jari Kauppila, Head of Statistics and Modelling, International Transport Forum at the OECD	
11:40	Q&A Session	
11:55	Sustainable Freight Transport: A vision to exploit UK R&D Alina Pipiya, Transport Systems Catapult	
12:25	Lunch	
13:25	Parallel Session 1:	
	<i>Greening of Transport – Greening of Corridors</i> Jerker Sjögren	<i>An Application-specific Systems Approach to Sustainable Logistics</i> Richard Smokers, Stephan van Zyl
	<i>Speeding up the Greening of Transport and Logistics Services</i> Maria Huge-Brodin, Matts Karlsson, Uni Martinsen	<i>Supporting Implementation of a Harmonised Calculation Methodology for Carbon Footprinting of Freight Transport</i> Alan Lewis, Eszter Toth-Weedon, Colin Smith
	<i>The Environmental Impact of Logistics Clusters: A Road Freight Transport Perspective</i> Meshal Almofadhi, Aristides Matopoulos, Edward Sweeney	<i>Design of an Open Assessment Tool for Standardized Performance Measures of Long Combination Vehicles</i> Bengt Jacobson, Peter Sundström, Sogol Kharazzi, Niklas Fröjd
14:55	Coffee	
15.10	Parallel Session 2	
	<i>Prospects for Electrification of Road Freight</i> Doros Nicolaides, David Cebon, John Miles	<i>Optimal Design of Forest Road Network</i> Leif Fäldner
	<i>Economic Analysis of the Electrification of Long Haul Heavy Goods Vehicles using the “Pony Express” Tractor Swapping Method</i> Roger Bedell	<i>Truck Underbody Aerodynamics</i> Richard Stephens, Holger Babinsky
16.10	Panel Discussion 1	
17.00	Day 1 Close	
19.30	Dinner (optional) Clare College Cambridge, www.clare.cam.ac.uk	

Tuesday, 6 th December 2016		
08:30	Coffee	
09:00	TBC Ian Wainwright, Head of Freight and Fleet Programmes, Transport for London	
09:30	Q&A Session	
09:45	Parallel Session 3:	
	<i>Impact of London Lorry Control Scheme on Freight Emissions</i> Justin Bishop	<i>Performance Based Standards: Enabling Transport Decarbonisation</i> John Woodrooffe
	<i>Collaboration-based Solution to Current Challenges in Urban Parcels Operations</i> Maja Piecyk, Julian Allen, Marzena Piotrowska	<i>Impact Assessment and the Future of HCT Trucks in Finland</i> Lasse Nykänen, Heikki Liimatainen
10:45	Coffee	
11:00	Panel Discussion 2	
11:45	<i>Introduction to Roadmapping</i> -Maja Piecyk, University of Westminster	
12:00	Lunch	
13:00	Roadmapping Session	
14:50	Feedback	
15:00	Meeting Close	

Wednesday, 7 th December 2016	
OECD / International Transport Forum Workshop on Modal Shift Separate registration required, please visit: http://www.csrf.ac.uk/event/oecd-international-transport-forum-workshop-on-modal-shift/
