

The Five College Women's Studies Research Center

2017-2018 Research Associate

Call for Applications

DEADLINE FEBRUARY 15, 2017

- The Center is located in a geographic area with one of the largest concentrations of scholars dedicated to feminist scholarship in the world.
- As of 2016, the Center has hosted close to 400 researchers from more than forty-four countries and thirty-five states across the United States.
- Given an office with access to extensive consortium resources, Associates gather regularly to discuss their research with each other and local faculty in a variety of settings

Applicants should complete an online application that includes a project proposal (up to three pages in length), curriculum vitae and contact information for two professional references. Project proposals should include 1) a statement about the contribution to and significance of the project or dissertation for women and gender studies, 2) a detailed description of the project or dissertation and timeline, 3) how a stay in the Five Colleges will advance the project or dissertation.

Travel, housing and living expenses are the responsibility of Associates in this unpaid residency. It is important that Associates remain in residence for the duration; beyond this requirement for the facilitation of community, Associates define the scope of their research program for the semester or year. The Center's Director will help identify conversation partners and resources as requested.
